

MSU-LNAC VISION, MISSION, GOALS & OBJECTIVES

B. VMGO

Vision

MSU-LNAC: A World Class University in Southern Philippines envision to be a Center of Excellence and Development in Agriculture and Other Disciplines

Mission

The MSU-LNAC aspires to provide Quality Instruction and Training in Agriculture, Teacher Education, Computer and Information Technology to produce globally competitive and innovative graduates.

Goals and Objectives:

- 1. Undertake the traditional function of the university such as instruction, research and extension and generate income.**
- 2. Provide agricultural manpower in Mindanao and other parts of the world.**
- 3. Provide farming knowledge and skills to the Muslims and other Cultural Minorities in order to cope with the national standard.**
- 4. Generate local specific technologies that will improve the agri-based Mindanao economy.**
- 5. Produce graduates who are creative, competent, and morally upright.**
- 6. Establish linkages and collaboration with local, national and international entities.**
- 7. Become an Autonomous Campus**

The University Campus Council:

The University Campus Council is composed of the President of the University and all the faculty members holding the rank of Professor, Associate Professor, and Assistant Professor. The Council alone shall have the power to recommend students or others to be recipients of degrees.
